Keeping active during Covid

Update on a new pilot in South Wiltshire for Chronic respiratory patients: -

We have approached 29 people and recruited 15 patients into our pilot project, to help support patients who are vulnerable during this Covid pandemic. Our aim is to reach a total of 40 patients by the end of the recruitment period at 30/9/20

Please help us by sending names of people who may be interested in participating in this pilot. The details we need are: Name, NHS number and sharing lifted to approach patients and offer this free initiative.

So far we have had contact with and recruited patients from St Melor, Avon Valley, Six Penny Handley, Tisbury, Wilton and 3 Chequers Surgeries. Whiteparish, Salisbury medical Practice
