

HYPERCALCAEMIA

Malignant hypercalcaemia

Please join us for this free one-hour webinar aimed at all staff who are interested in learning more about the management of malignant hypercalcaemia. All are welcome. Delivered by Lara Roskelly, Acute Oncology CNS Team Leader; Rebecca Kirby, Acute Oncology CNS, Frimley Health NHS Foundation Trust.

Date: 17th December 2020 Time 12.00-13.00 Hrs.

Learning outcomes:

- Causes of malignant hypercalcaemia
- Recognising signs and symptoms of malignant hypercalcaemia
- Grading of symptoms and management
- Primary care and secondary care management for cancer patients

A document of attendance will be provided for revalidation portfolios.

For a calendar invite via Microsoft Teams please email Kate: k.a.lippiett@soton.ac.uk
