

Stakeholder briefing

Changes to our leadership team

We are very proud that Paula Clarke, Chief Officer, has been asked to support the national Covid-19 vaccination programme.

We are delighted to share with you that Marie Noelle Orzel (or Noz as we know her!) has agreed to return as our Chief Officer for the period of January 2021 to April 2021.

This will provide us with much-needed continuity and, of course, Noz brings a wealth of expertise, including managing the national and regional relationships and support to the Severn sub-region critical care network.

In the meantime on behalf of all of us, we'd like to thank Catherine Phillips (our Director of Finance) for stepping up at such short notice and for acting as Chief Officer until Noz rejoins us in the New Year.

Constructing excellence south west awards

Last Friday we were thrilled to receive a special award at the Constructing excellence awards south west for the teams who planned and built our hospital.

Our hospital is a true multi-agency partnership and we are very proud of each and every individual, team and organisation who helped us make sure that we were ready for care for patients with compassion, if needed.
