

Dear Medical and Dental colleagues,

Please join us for the inaugural **Salisbury Hospital Oro-Systemic Health Symposium** to be held on **Thursday 3rd March 1 – 4:30 pm**.

This **FREE** and **VIRTUAL** event is presented in collaboration between Salisbury NHS Foundation Trust and the NIHR with **CPD points** awarded in accordance with the number of hours attended.

Suitable for those from all medical specialties (primary and secondary care).

The aim of the event is to explore new thinking into the links between poor oral health and the mediation of systemic diseases, and how COVID-19 research sheds light on these connections.

Programme

- 13:00 - Welcome and introduction**
- 13:05 - Oral Healthcare and the Salisbury SMILE Oral Care Pathway.** Hazel Taylor - Oral Surgery Specialist Registrar, Salisbury NHS Foundation Trust.
