

Primary Care IT Induction for staff new to GP practices (Mar - May 2022)

This repeated 60-minute webinar is designed to introduce Primary Care to staff who have recently joined a GP practice from outside the NHS. Please book a place via our website [PCITI Webinars](#) – each attendee will need to have registered on our website to access this link. You will need to create an appointment in your diary and copy the relevant joining link there. Please contact training.scwcsu@nhs.net with any queries.

By the end of the session, learners will:

- Know when the NHS was created and be able to identify the three core levels of care
- Understand how IT systems in General Practice contribute towards patient safety and care
- Be able to name the key processes of the GP2GP transfer and registering new patients
- Be able to describe the history of clinical coding
