

## Training resources March 20

- **Level 1 and 2 adult safeguarding training can be accessed with an NHS email via:** *e-learning for health* [www.e-lfh.org.uk](http://www.e-lfh.org.uk) and practices should have an *OpenAthens* account which facilitates free access for staff .
- **eLFH has online FGM/modern slavery and Preventing radicalisation.**
- **Level 3 online training has been developed by NHSE**  
<https://www.futurelearn.com/courses/level-3-safeguarding-adults> This course is free through NHSE.

**elearning should not be more than 50% of training.**

- **Virgin offers level 1,2 and 3 training commissioned by LSAB, face to face is charged, but online eg self neglect is foc through the learning pool.**
- **Wessex LMC also delivers level 1, 2 and 3 training ftf. This is free of charge to BaNES Practice Nurses.**
- Wessex LMC have a series of 6 **audio podcasts** which appear to be Adult and Child Safeguarding, eg on intrafamilial abuse/county lines/hoarding.

<https://www.wessexlmcs.com/wessexlmcsaudiopodcastssupportingyouandyourpractice>

- **RCGP has a group learning session**, which appears to be free of charge. <https://elearning.rcgp.org.uk/course/search.php?search=safeguarding>  
This group learning session is aimed at all members of the practice team, and covers the objectives up to level 3. Core information is delivered through a presentation, which includes interactivity and group discussion. There is one each of these for adult and child **safeguarding**. Following completion of this 30 minute session, a further 30 minutes of guided self-directed group work is available for download. By completing both of these, and using the guide on reflective practice, all competency criteria for level 3 adult **safeguarding** can be met. This will enable you to get the most out of the remainder of the minimum eight hours of level 3 learning which is required every three years. This course was funded by the eLearning Department.
- **ftf training**, perhaps for your PCN. Clare Lucas is a Gloucester SAB approved trainer and has put together a face to face single agency L3 half day training package for primary care teams which meets the competencies as set out in the ICD for primary care clinicians. It does have the approval of GSAB training team for health needs, and would meet our safeguarding partnership standards. She prefers to train groups of less than 50 at a time, please contact her direct if you would like to commission her to do some training. [clareonline@yahoo.com](mailto:clareonline@yahoo.com).

**Louise Leach   Named GP Adult Safeguarding BaNES CCG March 20**
