

# WHAT MATTERS TO YOU?

## PLANNING AHEAD

We recognise that many people live with some uncertainty about what the future might hold for them. This uncertainty can lead to questions around:

*What are my wishes for future care?*

*What is important to me now and in the future?*

*What matters to me and my family?*

Would you like us to support you with conversations, to listen and talk about what is important to you?

### What do I need to think about?

It can be difficult to know when to have these conversations or to start thinking about what you would want to happen with your future care. We have a useful information leaflet called 'Planning Ahead – What Matters to You?'

**Please take a leaflet if you would like more information.**

Please ask a member of our team if you would like to have a conversation about 'Planning Ahead - What Matters to You?' or scan the QR code for further information.
