As ICS Pharmacy workforce lead I have led on this project, which has been nominated as a finalist in the HSJ awards. No ICB funding was available for me to attend so Gompels have offered to pay for me to attend the awards to celebrate this achievement with them, I will pay for my own accommodation and travel. Gompels went through a full tendering process via the RUH procurement team to act as single lead employer and have been awarded a 2 year contract for this work with 18 months still to run on the contract. I was not involved in the decision making and will not be in future as I also work for community Pharmacy Avon and Wiltshire.	575	No	Paul Clarke
